

YOUR PARTNER IN DIGITAL TRANSFORMATION

Riseup Labs is an information technology company based in Dhaka, Bangladesh that provides web-based software and mobile applications to international development agencies, NGOs, government departments and corporate sector.

Riseup designs & develops intelligent, innovative and sustainable web systems, mobile apps, games, XR (AR, VR, MR) and simulator technology embedded applications and interactive entertainment experiences on multiple platforms.

The moment when our Honorable Prime Minister Sheikh Hasina inaugurated the virtual reality (VR) experience of historic 7th March speech by Bangabandhu Sheikh Mujibur Rahman.

## WHO WE ARE

AN INFORMATION TECHNOLOGY COMPANY BASED IN DHAKA, BANGLADESH THAT PROVIDES WEB-BASED SOFTWARE AND MOBILE APPLICATIONS TO INTERNATIONAL DEVELOPMENT AGENCIES, NGOS, GOVERNMENT DEPARTMENTS AND CORPORATE SECTOR.

- ❑ Since 2009 Riseup has become a major creator and publisher in the market by releasing many successful products and have become a trusted partner by delivering customized solutions and services to brands like **UNICEF, UNDP, FAO, USAID, BBC Action Media, Robi Axiata, ICT Division, Bangladesh Computer Council, Ministry of Women & Children Affairs (MOWCA), Ministry of Health and Family Welfare (MoHFW), Ministry of Education.**
- ❑ Riseup has a proven experience and expertise in delivering mission critical citizen centric web systems, user friendly mobile apps and CMS systems for government and international development organizations.
- ❑ Some of these successfully completed and ongoing projects include but not limited to 'UNICEF Digital Platform for Adolescents of Bangladesh', 'UNICEF Nutrition eLearning Platform', 'UNICEF Severe Acute Malnutrition (SAM) eLearning Platform', 'FAO Nutrition Challenge Badge (NCB) eLearning Platform', 'UNICEF Meena Media Award Online Management System', 'UNICEF Volunteer Registration & Management System', 'corona.gov.bd'-a citizen-centric public service platform for UNDP funded a2i project of Bangladesh and "UNICEF U-Report App": Survey and Data Collection Platform to improve citizen engagement, disseminate information, and foster positive change.
- ❑ We are now a platform of avid practitioners specialized in a broad spectrum of IT domain to provide enterprises turnkey technology solution.
