

GHIT

**GOLDEN
HARVEST
INFOTECH LTD**

Introduction

Innovation with **Excellence**

Golden Harvest InfoTech Limited is a world-class diversified and socially responsible company that embraces innovation to provide high-quality, value-added products and services with excellence to our clients.

Our Success Story

Our humble beginning envisioned providing highest possible quality at the least possible cost. We managed not only to meet but to exceed our intent. Over the last two decades we reinvented ourselves time and again with pioneering process and tools developed inhouse beyond the market expectations. Golden Harvest Infotech Limited has established itself in the North American market as a leader synonymous with quality, delivery timeline and reasonable cost.

Our Mission

With the mission of becoming one of the most prominent IT companies, GHIT helps other organizations to transform into digital enterprises providing better engagement with customers, partners and employees. Establishing the inter-connection among several devices, networks, technologies, and human resources based on IoT (Internet of Things), Golden Harvest InfoTech Ltd. (GHIT) has succeeded in providing huge benefits to the IT sector. We generate data from IoT devices as well as with Data Analytics process, we examine big and small data sets with varying data properties to extricate meaningful conclusions and actionable insights. We, with these conclusions in the form of trends, patterns, and statistics, aid business organizations in proactively engaging with data to Implement effective decision-making processes.

Our Vision

Our vision is to enhance business growth of our customers with creative design, development and to deliver market defining high quality solutions that create value and reliable competitive advantage to customers around the globe. Our goal is to support the clientele with any and all outsource back office technology tasks and to accurately and effectively complete all projects. We envision a client relationship that is based on trust and confidence and mutual success. Fortunately, we have been able to gather a team of professionals with whom we can shape and utilize our collective experiences, all of them possess outstanding talent that will help to accelerate your organization.

DOCUMENT INFORMATION

Service Description:
Complete gutting and full renovation of master bathroom and laundry room.

1/1

Comment:
I can't say enough good things about working with Joe Landicini and G. Sieni builders. From start to finish Joe was fantastic to Deal with - extremely helpful and accessible throughout, unlike many contractors. Quality of work and customer service was extremely high - very satisfied with work!

Exception:

The below images show examples of Low Voltage poles and wires. Low Voltage= 240V

240v LV pole; note the yellow "Danger of Death" sticker and the grey plastic tube on the side, indicating underground cabling.

Telegraph pole; note no "Danger of death" sticker and small metal rungs towards top. Cables are thinner than electricity cables.

LV electricity pole with both electricity wires and telegraph wires coming off it. The electricity wire is at the very top of the pole and the thinner telegraph wires are located lower down on the pole. They also spread out from the pole whereas the electricity wire forms a straight line.

Specialized Reporting

GHIT has vast experience on claim reporting service such as identifying claims for customers.

LV electricity pole with both electricity wires and telegraph wires coming off it. The electricity wire is at the very top of the pole and the thinner telegraph wires are located lower down on the pole. They also spread out from the pole whereas the electricity wire forms a straight line.

Customer Support

GHIT offers non-voice support via chats or mails.

- 24 X 7 Support
- Quality Audit
- Ensuring Customer Satisfaction
