Who We Are

About us: We are a company developing premium themes and plugins for end customers of Shopify, PrestaShop and WordPress. We are the **1st Power Elite Author** on Envato Marketplace from Bangladesh. We ensure quality coding in our products and premium “customer support” through client management experience. This is how we’re going through on. That's it!

About Business Information & Brand Story

Founded in 2011 by **Md. Arifur Rahman** here from Dhaka, Bangladesh from the passions of coding. For nearly within some few years, we have become the Power Elite Author at Envato Marketplace with providing awesome “customer supports” by loving our customers with customer experience management. Our developed themes and plugins randomly get featured as top selling items on Envato. This is how we’re growing through as a brand.

Passion: We love to work with Shopify, PrestaShop, and WordPress! We love to develop awesome themes and plugins based on that CMS web software that gives unlimited possibilities. We’ve always thought about customers problem-solving in mind as a challenge that we always love – from customers problem-solving at the office through to programming in our mind.

Mission: Because we believe each and every human has their own websites. That's why we're working hard day and night!

Strength: We are very much pleased by getting tons of LOVEs, appreciations, suggestions, thumbs up from our valued clients, customers and even our partners too! **“Quality comes first”**, based on this expression SmartDataSoft is determined to give awesome customer supports smartly. Here's why people loving us...
